

REMARKS/ARGUMENTS

The statement of the Reasons for Allowance may be construed as setting forth that the Applicants in their Response to the Final Office Action stated that the data of Figures 1 and 2 demonstrate synergy of the combination therapy. To clarify the record, Applicants described the effects portrayed by the data as being "at least additive" (see p. 18 of the Response, lines 7-8 from the bottom of the main text) or showing "substantially greater efficacy" (see p. 20, 3rd line after heading) of the combination.

Respectfully submitted,

Frank J. Mycroft
